“What to do When an Equine is Down and
What to do in an Accident Involving Equines”

Equine Emergency & Disaster Clinic

How ready are you and your barn for wildfires, earthquake, and other natural disasters?

Do you know what to do if your equine is involved in an accident at home, on the trail, or in a trailer?

Test your “Prep IQ” and get lifesaving tools and tips from experts!

HALTER Project Founder *Julie Atwood* will lead you through the steps to developing a strong Animal Emergency Action Plan, and answer your questions about evacuation prep, shelter-in-place risks, and more.

Julie and Large Animal Rescue specialists from El Dorado County Sheriff Search and Rescue will guide you in a hands-on demonstration of basic skills and equipment to help equines who are down, and, what to do in an accident involving equines.

Participants will receive detailed Barn & Ranch Safety Workbooks for themselves and their barns.

This clinic could help you save the lives of your animals, your family, and others. Don't miss it!

The Sacramento Sheriff's Posse

The Sacramento Sheriff's Posse was formed in 1937 in order to augment the Sheriff's Department in case of emergency, and was then incorporated in 1946. We have continually stood ready to assist our Sheriff's Department at a moment's notice for 88 years - and counting!

The Sacramento Sheriff's Posse continues to stand ready today to assist the Sheriff's Department in any way needed, including riding broken levees in times of flood and performing search and rescue work in areas impassable to motor vehicles.

TAX DOLLARS DO NOT SUPPORT US.

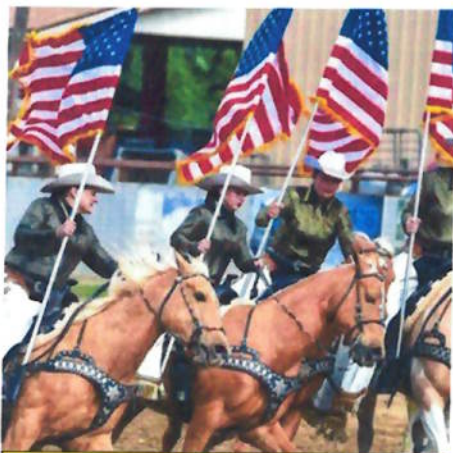

The Membership of The Sacramento Sheriff's Posse is comprised of Sacramento County professional business men and women who pay all the expenses incurred to support the Posse.

Each team-member pays for their own horses, training, truck, trailer, and travel costs at considerable expense and donates hundreds of hours away from their home in order to practice, compete, and provide exciting mounted drill performances and parade appearances to our communities.

The Sacramento Sheriff's Posse precision mounted drill teams represent a large age group of diverse folks – our teams include Fathers and Mothers, Grandfathers and Grandmothers, Business Owners, Military Veterans, Nurses, Teachers, Students and Public Servants.

We work very hard to stay ready to assist the Sheriff's Department at a moment's notice. We do it all in the interest of drawing positive attention to the support of law enforcement and to the promotion of proper horsemanship.

Three Teams - Three Levels

THE ELITE SHERIFF'S POSSE

ADVANCED RIDERS,
performing advanced
maneuvers mostly at the
GALLOP and carrying flags.

All Palomino Horses; no gaited
horses and no draft crosses.

Practice every Monday night
year-round.

SINCE 1937, the people of the
Golden State of California
have waved with delight at
the sight of the beautiful
Golden Palominos being
ridden in parades and events
by The Sacramento Sheriff's
Posse. The tradition
continues!

SACRAMENTO SHERIFF'S 911

INTERMEDIATE RIDERS,
performing complex
maneuvers mostly at the
LOPE often carrying flags.

Horses of all colors; no gaited
horses and no draft crosses.

Practice every Sunday night
year-round.

The Sacramento Sheriff's
NINE-ONE-ONE Drill Team
was formed in 2008 to
expand The Sacramento
Sheriff's Posse precision
mounted drill team and to
welcome horses of all colors
and riders of all levels.

SACRAMENTO SHERIFF'S ALARM!

NOVICE RIDERS,
performing mostly at the
TROT.

Horses of all colors; no gaited
horses and no draft crosses.

Practice every Sunday
afternoon year-round.

We welcome novice drill
riders with open arms.

The Sacramento Sheriff's
ALARM! Team is comprised of
riders and horses who are all
brand new to the sport of
precision mounted drill.
